DON'TS FOR BABIES

Topeka Public Health Nursing Association Gives Advice.

Urge Mothers to Bring Youngsters to Clinics Weekly.

Hot Weather "Don'ts" for Babies.
Don't feed babies less than 10 months old, anything but clean fresh milk.
Don't give little children less than a year old tastes of anything you have on the table.
Don't give little children less than a year old cooked or raw tomatoes.
Don't give babies less than 6 years old, potatoes, meat or gravy, especially in hot weather; plain, well-cooked cereals, fresh milk and whole wheat bread, stewed apples or prunes are far better for them.
Don't give children less than 5 years old meat in hot weather and very little at any time.
Don't give a lot of cathartics; regulate bowels with proper food. Cathartics irritate the intestines and make the child more likely to get intestinal infections. If there be diarrhea go to a doctor at once.
Don't give any but the simplest food in hot weather and too little rather than too much.
Don't take children to picture shows or on the streets in the hot weather and keep them in the shade as much as possible.

SUDDEN DEATH

Before an insurance company will take a risk on your life the examining physician will test your water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night—take heed, before too late!

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Keep the kidneys in good order, avoid too much meat, salt, alcohol or tea. Drink plenty of pure water and drive the urine out of the system by taking 'Anuric' in tablet form." You can obtain "Anuric" at almost all drug stores. It was the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. If you cannot obtain it at your drug store send him 10 cents for trial package "Anuric," or \$1.00 for full treatment.—Adv.

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulitified cocoon oil (which is pure and entirely greaseless), is much better than the most expensive soap or shampoo else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulitified cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Advertisement.

HELP COMES AT LAST

MRS. FRANCIS SCHMIDT, 215 E. 7th St., after suffering for months with indigestion, constipation and relief by the aid of Hazlett's Wild Cherry Compound. "For women I think Hazlett's Wild Cherry a wonderful medicine," states Mrs. Schmidt. "The medicine is a crude herb compound, is in harmony with nature. No one is disappointed who has tried it. A dose at night insures a pleasant day to follow as it rids the stomach of all the gas, the liver of its surplus bile; the intestines of their congestions; in fact, it is an internal bath." Call at A. C. Kingman & Co., 120 E. 6th St. They will gladly explain, and for a few days sell to advertise, three dollar packages for one dollar. Will mail on receipt of price.—Advertisement.

How to Judge a Woman by Her Hair

There are always the well-known and semi-humorous methods, such as saying brunettes are quick-tempered or blondes are keen in their mental activity. But there is real common sense in just noticing whether the hair is well kept to judge a woman's neatness, or in looking at her style of arranging her hair, to decide whether or not she has good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good preparation made expressly for shampooing. You can enjoy the very best by getting some cantharides from your druggist and dissolving a teaspoonful in a cup of hot water when your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Advertisement.

PREPAREDNESS.

Prepare for next washday by taking home Red Cross Ball Blue. Ask an import grocer. Red Cross Ball Blue imparts a clear white; makes you smile when you see the beautiful, snowy white basket of clothes. Red Cross the blue that's true blue.—Adv.

25 YEARS AGO IN TOPEKA

From the columns of THE TOPEKA STATE JOURNAL

July 28, 1891.

The famous "Hold Your Wheat" circulars have at last reached Kansas. Dr. S. McCallin received, last night, a copy of the address to the Alliance farmers, urging them to hold their wheat for high prices. The circular reads as follows:

"Alliance men, farmers everywhere: 'Hold your wheat for a few weeks.' It is more than probable that a withholding of the grain for two weeks or so will cause a fifty per cent advance in prices. The reason for this is forcible and good and is fully given in the Alliance paper. The State published at St. Paul. The Alliance bureau of information recommends that every sub-Alliance note the suggestions and facts above stated and take some action upon them. In the meantime do not allow yourselves to be robbed of your wheat."

"H. W. AYER.

"Manager Reform Press Bureau."

Judge J. R. Johnson and Col. G. W. Burge went to Thompsonville on the Grass-hopper today for a two days' fishing trip.

Judge John Martin was asked today whether the Democrats meant what they said when they declared to expect a few days ago. He said, "I should not be surprised to see our people go in with the Alliance if they get an equal show."

The firm of Murray & Foster has dissolved partnership to take effect August 1. Frank Foster will remain in the present office and will retain Robert Foster, who will probably soon join him as a law partner.

C. H. Curtis leaves today for a short pleasure trip to Las Vegas.

Miss Edith and Master John Mountain of Chicago are visiting their cousin, Chas. Lagerstrom and other relatives in the city.

RAISE PRICE OF GAS

Kansas Natural Gas Gives Bond to Reimburse Consumers.

The Kansas Natural Gas company is preparing to raise the price on natural gas to "20 cents and to be expended 3 cents," as allowed by the United States district court.

Judge Ralph T. Campbell, of the Oklahoma district sitting at Kansas City, has approved a bond of \$750,000 presented by John M. Landon, receiver for the Kansas Natural.

The bond guarantees that the Kansas Natural will pay back to the consumers whatever increase they have paid for gas if the increase is forbidden later.

KANSAS MAN DIED ON TRAIN.

Wealthy Alma Farmer Sought Relief From Asthma in Colorado.

Colorado Springs, July 28.—Fred Bondel, 62, wealthy farmer of Alma, Kan., died Tuesday morning on Rock Island train No. 29, en route to this city. Coroner Beyle was notified and took charge of the case, deciding that no inquest would be necessary.

Mr. Bondel was a sufferer from asthma, and was coming to this city in the hope of finding relief. The body was taken to the family home at Alma, accompanied by relatives. Mr. Bondel is survived by a widow and five children.
